

# Carpet Cleaner

PUREOUS™ Carpet Cleaner is a cleaning product specifically formulated for all types of carpets and fabrics. The product uses a revolutionary technology that cleans and repels dirt while also improving indoor air quality.

## Technology

PUREOUS™ Carpet Cleaner is a revolutionary new product that works by use of PUREOUS™ powered technology that cleans on the molecular level. Unlike other cleaning products it attacks the source of the dirt without the use of harsh or toxin chemicals.

## Simplicity

By using PUREOUS™ Carpet Cleaner, your carpets will no longer be damaged by cleaning. Most carpet cleaning products not only use harsh chemicals that can be toxic to your health and indoor air quality, but they also use soaps and detergents that can attract dirt and make your carpet worse over time. PUREOUS™ Carpet Cleaner uses a revolutionary technology that cleans and repels dirt while also improving indoor air quality. With PUREOUS™ Carpet Cleaner, you're choosing a product that does not contain toxins, harsh chemicals or allergens, has ZERO volatile organic compounds (VOCs) and keeps your carpet clean longer.

## Green & Safe

PUREOUS™ Products are environmental, animal and people friendly. They contain none of the toxins, harsh chemicals, fragrances, dyes, allergens, or volatile organic compounds (VOCs) found in many traditional cleaning and odor products. This product also removes toxins and harsh chemicals that can build up over time, improving indoor air quality and making the environment healthier every time you use PUREOUS™.

*\* This product is odorless and colorless.*

## DIRECTIONS

### General Carpet Cleaning Cleaning Machine

Dilute 1:30 (4oz./gal)

Use carpet machine as normal. Rinse and dry as usual.

### General Carpet Cleaning

Dilute 1:30 (4oz./gal)

Apply with sprayer. Agitate with brush or carpet rake. Let dry completely and vacuum.

### Carpet Stains & High Traffic Areas

Dilute 1:10 (12oz./gal)

Apply with sprayer directly on stain or area. Agitate with brush. Blot with damp cloth. Let area dry completely then vacuum.

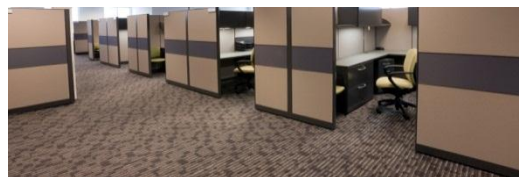

## PUREOUS™ is Different

Most cleaning, remediation and odor products are worse than the problems they try to solve. PUREOUS™ Products are proven to be more effective than the competition, safer for the environment and healthier for people and animals. Using PUREOUS™ Products actively improves indoor air quality.

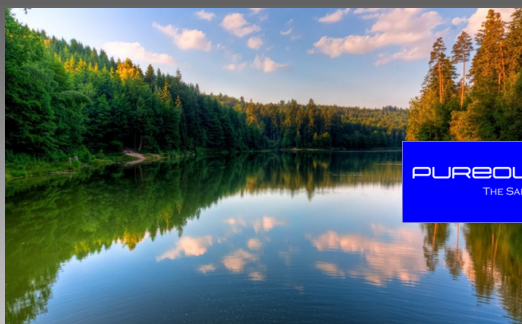

Unlike other cleaning, remediation and odor elimination products, PUREOUS™ proprietary products are proven effective without exposing people to toxins, harsh chemicals, allergens or volatile organic compounds (VOCs).

PUREOUS™ uses a revolutionary technology that produces ZERO VOCs and has been proven to be more effective than the competition and safer for people, animals and the environment. This innovative technology is also cost-effective – allowing for better, more efficient cleaning that becomes easier and requires less of the product over time.

## PUREOUS™ Products

- ZERO VOCs
- Improves Indoor Air Quality
- FREE from Toxins & Harsh Chemicals

## Carpet Stain Remover User and Color Guide

PUREOUS Carpet Cleaner is a specifically formulated cleaning product for all types of carpets and fabrics. The product uses a revolutionary technology that cleans and repels dirt while also improving indoor air quality for a healthier working environment.

*(This product is non-hazardous and is odorless and colorless.)*

### General Carpet Cleaning with Machine - Dilution 1:30

- Use cleaning machine as normal.
- Rinse and dry as usual.

### General Carpet Cleaning - Dilution 1:30

- Apply with sprayer.
- Agitate with brush or carpet rake.
- Let area dry completely and vacuum.

### Strong Odor High Use / Traffic area - Dilution 1:10

- Apply with sprayer directly on stain or high use area.
- Agitate with brush or carpet rake.
- Blot with damp cloth.
- Let area dry completely then vacuum.

**\*For tough stains, leave on for 10 minutes.**

- Application process – The product must make good contact for best results. Agitate to ensure contact.
- Reapplication – Some stains may have penetrated the carpet, the underlayment, and traveled along the substrate below the carpet. In this case more than one cleaning may be needed as the carpet will act like a candlewick and pull up the material from below as the treated area dries.
- The product contains Zero VOC's, is free from toxins and harsh chemicals, hypoallergenic and free from dyes, perfumes, oils, scents, and other fragrances.
